2017 Enrollment Report
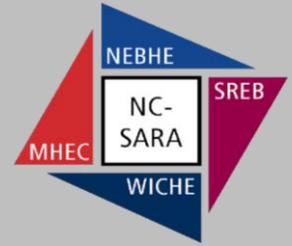

- 1,477 institutions reported.
- 1,170,725 total reported enrollments
- Report is available on the NC-SARA web page: www.nc-sara.org.

2018 Enrollment Reports
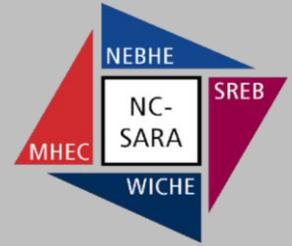

The 2018 Enrollment Data Reporting period will be

May 21 - June 11

- All SARA institutions are required to participate in enrollment reporting.

- The Spring 2018 NC-SARA Enrollment Data Reporting Guides and Data Sharing Agreement are available on the NC-SARA website.

- The 2018 Guides provide additional information on topics that have proven challenging for some institutions, such as dealing with the location of military students.

Enrollment Data – FAQ's

Enrollment Reporting– Common Questions

- My institution just joined SARA. Do I have to submit enrollment data?

    Yes, all institutions participating in SARA effective May 21, 2018 are required to report enrollment data.

- What do I report?

    IPEDS data submitted broken down by state. If not an IPEDS reporting institution, report the number of 100% online students participating outside the state of the institution.

Enrollment Reporting– Common Questions
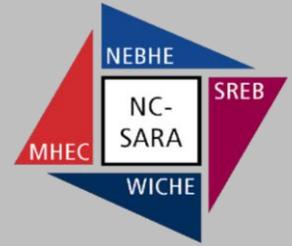

- I need to update our institution contact information. Can you do that for me?

  Contact your SARA State Portal Entity to adjust information for the institution.

  You can find this at

  www.nc-sara.org/content/state-portal-entity-contacts

  (Located under Contacts, then State Portal Entity Contacts)

Enrollment Reporting– Common Questions
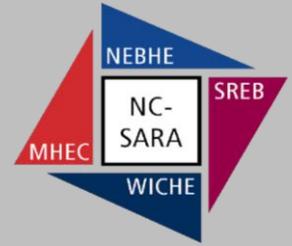

- I haven't received the reporting link.

    Links will be emailed May 21, 2018.

- Do I report military students living in other countries?

    No. You report military students based on the location of the learning activity. The same as all other students.

2018 Learning Placements Reporting
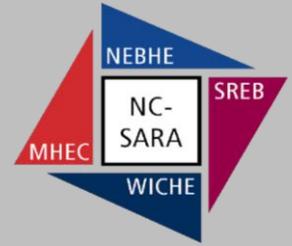

- Placement Reporting: Experiential learning activities (clinical rotations, student teaching, internships, etc.) are important parts of many instructional programs.

- They occur in many disciplines, but they are particularly common in certain fields, such as health-related disciplines and education.

- They are often a required part of obtaining a degree and/or license to practice a particular profession.

- Optional reporting for 2018.

Spring 2018

Placement Reporting Guide:
How to Report Out-of-State
Learning Placements to NC-SARA

A Guide for SARA Institutions

Spring 2018 (PILOT YEAR)

Learning Placements
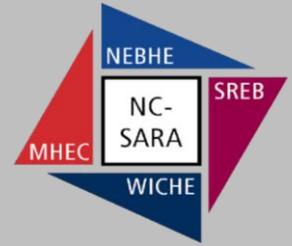

Institutions should report out-of-state placements that meet all of the following criteria:

1. The placement is outside the "home state" of the SARA institution;
2. The placement involves the physical presence of the student at the out-of-state location(s);
3. The placement is an activity required for degree completion (a requirement of the student's major, rather than a general institutional requirement) or professional licensure;
4. The placement is carried out under the provisions of a formal agreement between the institution and the placement location; and
5. The placement started between January 1, 2017 and December 31, 2017.

Learning Placements
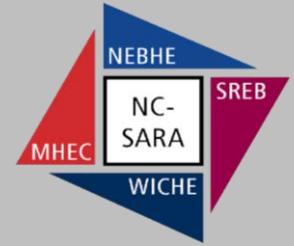

Placements that meet the above criteria should be reported as follows:
• Report unduplicated headcounts;
• Disaggregated by two-digit CIP code; and
• Disaggregated by the state in which the placement was made.

Example: Three University of Texas at El Paso nursing students each do a single clinical rotation at each of two hospitals in Las Cruces, New Mexico and one rotation at a hospital in Phoenix, Arizona. UTEP would report three placements in New Mexico and three placements in Arizona, all under CIP code 51.

Table of Contents

Learning Placements– Common Questions

- Do I report military students living in other countries?

    No. You report military students based on the location of the learning activity. The same as all other students.

- I need to update our institution contact information can you do that for me?

    Contact your SARA State Portal Entity to have the contact information adjusted for the institution. You can find this at

    www.nc-sara.org/content/state-portal-entity-contacts

    (located under Contacts, then State Portal Entity Contacts)

Learning Placements – Common Questions
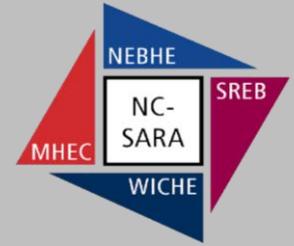

- I haven't received the reporting link.
	Links will be email May 21, 2018.
- What is an out-of-state learning experience?
	An out-of-state learning experience refers to an internship, externship, clerkship, practicum, rotation, clinical, student teaching, independent study, study away, and the like, that occurs in a U.S. state, district or territory outside the state of the institution.

Learning Placements – Common Questions
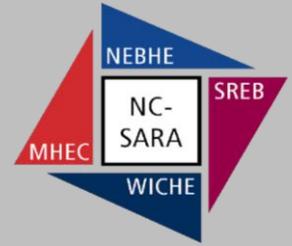

- ## What is a formal agreement?
    The majority of agreements will be in writing, a contract, MOU, MOA, etc. However, some institutions may have verbal agreements. If your institution considers only written documents to be formal agreements, then only they would be your formal documents. I would suggest checking with your attorney or contract administrator for specifics.

Learning Placements – Common Questions
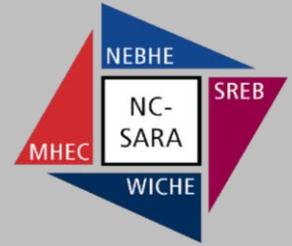

- Do I report internships?
  Yes, those meeting the five requirements.
- Do I report placement data for ALL programs, not just distance education programs?
  Yes, report all program placements.
