Annual Process

**STEP 1**
Identify programs with out-of-state activities.

**STEP 2**
Survey is emailed to programs in early fall to collect information regarding states with out-of-state activities are taking place.

**STEP 3**
Legal research is conducted by the Compliance Unit per state where activities are taking place.

**STEP 4**
Findings are discussed with programs and information updated into the compliance database and State Authorization Dashboard. Programs receive a report that they can reference before placing students in another state.
