CATEGORY

Compliance Innovations: Institutional policy, tools, compliance teams, or novel compliance management practice

Institutions must determine effective methods to create compliance management plans. These methods are completed by teams of key stakeholders or individual staff members. Please describe the innovative methods, practices, tools, or other inspired processes your institution has implemented to manage compliance. Also, describe how you obtained "buy-in" from administrators or leaders involved in or responsible for state authorization, SARA, or professional licensure compliance. Applicants should describe their process and address the following criteria: on the nomination form:

- **Development process:** Describe the innovation and how you created it. Include the steps from idea inception through implementation and include information on who was involved at each phase.
- **Ease of understanding:** Describe how the innovation was and is communicated to and received by your institution.
- **Ease of use:** Describe how another institution may adapt your innovation to their institution.
- **Administrative details:** Please provide any other details germane to your innovation (for example: amount of time it took for the entire process, how the budget was affected, what department funded the innovation, costs, who is responsible for keeping the innovation current, etc.).
