Embracing Purposeful Engagement for a California Institution

The Office of Accreditation, Licensure, & State Authorizations (ALSA)

TheChicagoSchool®

Project Description

- Developed and adopted processes to facilitate compliance with all state authorization activities

- Non NC-SARA

- Create a solid and comprehensive process to:
  - Determine
  - Track
  - Monitor

State Tracking

- Completed In two ways
    - Program Authorizations
    - Education Requirements per state

- Implementation
    - Created nine specific areas to address and maintain compliance

TheChicagoSchool®

Location Disclosure Process (From the students perspective)

- Application

- Disclose state of residence
  - Along with state intended to seek licensure
    - Pop up produces most recent determination for Licensure eligibility if the program does not meet licensure criteria.
  - Change of Address
    - Similar to the admissions process, a pop up is generated for students filing an address change.

TheChicagoSchool®

Annual Processes

- GAP Analysis
  - Tracks enrollments by students and their locations

- Licensure Audit
  - Tracks all licensure criteria per program for each state

TheChicagoSchool®

Collaborative

- Work with multiple University stakeholders

  - Compliance

  - Automation

  - Ensure accurate and up-to-date information

  - Process assessment
